## News from Mrs. Johnson

The math quizzes were returned. Each student received a practice packet focusing on a particular skill that needs reinforcement based on the recent ASPIRE interim test results. The students will work on these packets in class during any independent work time. On Monday during resource time those students needing extra practice on multiplying decimals had the opportunity to practice while others had the challenge of solving problems involving order of operations while completing a scavenger hunt.

Students who have not memorized their multiplication tables are facing added difficulty while dividing decimals. Please encourage your child to study each evening

## News from Ms. McGrath

I've decided to give the 5<sup>th</sup> graders an extension on the date of their science test, since the test will cover many different sections and will take a lot of studying. They will have their Science test next Tuesday. It covers topics on pages A28-A89.

Students have a study guide to work on as well.

In Religion, we will be discussing the Sacrament of the Eucharist, another of the sacraments of initiation.

## Upcoming tests and quizzes:

- Spelling test on Friday in Language Arts
- Plant test on Tuesday in Science
